June 6, 2006, Commission Meeting

## 2007 Comprehensive Land Use Plan: County Services Panel Discussion

As part of our continuing efforts to discuss issues facing the jurisdiction as we update our Comprehensive Land Use Plan, we have invited a panel of representatives from the counties that provide infrastructure and public services to the LURC jurisdiction. The panel discussion will focus on how public services (such as road maintenance, public safety, waste disposal, and other services) impact government resources and budgets.

For your reference, enclosed with your packet are excerpts from LURC's 1997 Comprehensive Land Use Plan related to development infrastructure and public services, including the Commission's current development policies.

I look forward to seeing all of you in June.
